

Kiranam — Deep Dual-Tone Gradient (1b)

Exact CSS used for the Splash background and the Dashboard Quick Pay card.

1. Splash screen background (full-bleed layer behind content)

Two stacked absolutely-positioned divs sit behind the logo/tagline content: a base linear blend, plus a soft radial highlight near the top-left.

```
<div style="width:280px; height:520px; background:#0C0C0D;
  border-radius:36px; position:relative; overflow:hidden;
  box-shadow:0 20px 60px -20px rgba(0,0,0,0.4);">

  <!-- base dual-tone linear blend -->
  <div style="position:absolute; top:0; left:0; right:0; height:100%;
    background:linear-gradient(160deg,
      #FF3B3B 0%,
      #EC2028 32%,
      #7A0D12 68%,
      #3D0709 100%);">

  </div>

  <!-- soft radial highlight, upper-left -->
  <div style="position:absolute; top:0; left:0; right:0; height:65%;
    background:radial-gradient(120% 90% at 30% -10%,
      rgba(255,140,140,0.5), transparent 70%);">

  </div>

  <!-- content (logo, wordmark, tagline) goes here, position:relative -->
</div>
```

2. Dashboard Quick Pay card background

Same linear blend applied directly as the card's background — no separate overlay div needed since the card is smaller and shallower.

```
<div style="width:280px; border-radius:24px; padding:22px;
  position:relative; overflow:hidden;
  background:linear-gradient(155deg,
    #FF3B3B 0%,
    #EC2028 30%,
    #7A0D12 65%,
    #3D0709 100%);">

  <div style="position:relative;">
    <div style="font-family:'Inter',sans-serif; font-size:12px;
      color:rgba(255,255,255,0.65); margin-bottom:4px;">
      Monthly commitment
    </div>
    <div style="font-family:'Plus Jakarta Sans',sans-serif;
      font-weight:800; font-size:28px; color:#FFFFFF;">
      ₹500
    </div>
  </div>
</div>
```

3. Color stops reference

Stop	Hex	Role
0%	#FF3B3B	Bright highlight red
30–32%	#EC2028	Kiranam brand red
65–68%	#7A0D12	Deep maroon transition
100%	#3D0709	Dark base (replaces near-black)

Angle: 160deg (splash) / 155deg (card) — top-left to bottom-right. Radial highlight opacity 0.5, positioned at 30% 10% above the card for a light source feel.
